For 50 years, Urban Pathways has been lighting the path home in New York City, helping thousands of individuals transition from homelessness to stability every year. We've developed innovative approaches that combine safe, affordable housing with comprehensive support services, helping the people we serve to access housing, healthcare, mental health treatment, career development, and counseling. Put simply, Urban Pathways gives people the tools they need to build the lives they want to lead.

From the beginning, the organization has been rooted in the housing first approach. We've seen firsthand that when people have a safe place to call home, they can begin setting—and reaching—new goals. Our compassionate staff members meet people where they are and walk alongside them, helping to connect them with resources and their community.

Today, Urban Pathways supports over 2,500 people each year. With each new drop-in center, safe haven, and supportive housing program we've established, we've expanded our impact across the city. This progress was made possible by the unwavering dedication of people like you: supporters, partners, and advocates who believe that homelessness is solvable.

As we arrive at our 50th anniversary, we invite you to our 2025 Gala, commemorating five decades of life-changing work. Alongside hundreds of compassionate supporters and leaders in their industries, your partnership will help Urban Pathways to expand our services, build more housing, and drive policies that end homelessness for good in New York City.

Join us for an evening celebrating all we've achieved together in the last 50 years, as well as powerful conversations about the way forward. Together, we can create a future where everyone has a place to call home.
