# Serve GRATITUDE

If you're planning or thinking of hosting a Friendsgiving or Thanksgiving event this year, consider making it even more meaningful by including a *Serve Gratitude* card with your table settings. Guests can share a message of hope and provide a meal for someone experiencing homelessness—all with a quick QR code.

*Serve Gratitude* reframes the traditional "What am I thankful for," with "What can I do to serve gratitude?" This encourages us to think about what we can do for others that will fill them with gratitude.

**Make it interactive by having each guest share what their message of hope is!**
